Extensions to Unlock	

I/We the undersigned agree and fully understand international and premium rate call charges on the Deskphone and Go Mobile platforms.

I/We understand that by unlocking International calling it will remove dialing restrictions for international and premium rate calls - these calls will be automatically billed at the prevailing rate as per our DP_PRICING document. (currently DP_PRICING_2018). Please check rates before placing calls as these will not be included in the inclusive minute allowance of your plan.

You are responsible for your handset or mobile and if lost you agree to contact Deskphone immediately to block the service. You are liable for any and all calls from your devices up until the point it is reported lost or stolen.
